*The fabric and leather quantities required are considered valid for:*

- Upholstering without deep-buttoning;
- No pattern to be centered (otherwise 40% extra fabric must be added);

Modern style headboard with wooden structure and extremely simple lines. It is made of 80 cm wide panels that can be customised; this offers customers the possibility to choose the upholstery fabric (we suggest rather resistant eco-leather) as well as a polished or lacquered wood. It is designed for contract spaces but can also be used in residential rooms.
